

Great Grants/Super Service Activities Presentation Process

Growing lifelong philanthropists who give and serve for the common good.

I. Give your name (and names of presenters), submitting organization, and the name/title of grant or service activity.

II. Give a quick overview of the of grant or service activity and why you think it was outstanding; (where it was done, who was involved, number of youth and adult participants, what it accomplished, who benefited from it, where the funds came from to make it happen, any community involvement or partnerships).

III. Highlight how the grant or service activity accomplished the following:

1. Project promoted healthy youth development.
2. Project provided opportunities for young people to give back to the community in meaningful ways. (service)
3. Project meets a community need.
4. Project involved youth in project planning and implementation. Young people were asked to give their time, talent, and treasure on behalf of the project.
5. Project brought together diverse people and organizations in proposal and project development.
6. Project developed usable skills in young people; in particular, leadership and civic engagement skills.
7. Project promoted and helped build positive relationships between youth and adults.
8. Project shows creativity and innovation.
